5th PAN-EUROPEAN LES YMC CONFERENCE
Budapest, Hungary
15.9.2017
Dear Young Members,

We are happy to invite you to the 5th Pan European LESI Young Member Congress in our beloved city of Budapest.

In the previous years the LESI Young Members Society had amazing meetings in Vienna, Paris, Munich and in Madrid. All of these occasions offered LESI’s young professionals a great daytime program with valuable insight to and discussions of the most current IP and licensing, finishing the event with networking dinners of great fun.

Aspiring to continue the tradition we gladly announce that the registration for the Budapest event is now open, so please join us for the next exciting, contentful and fun Pan-European LESI YMC Congress!

We look forward to seeing you soon in Budapest!

Intellectual Property is all about defining the “IT.”
What is it? Did they take it? Do you own it?
How is it different? Can you do it?

At Hahn Loeser, our intellectual property team gets it, so we can devise creative ways to define, explain, protect or defeat it. And we do it in a way that helps maximize our clients’ business opportunities and accomplish their objectives.

With decades of experience advising clients ranging from multinational corporations to mid-market companies and innovative start-ups, our Intellectual Property Group has depth and breadth expertise in all aspects of intellectual property and technology law, licensing and counseling.

Whether it’s high-stakes infringement litigation, navigating complex trade secret disputes, fending off patent and copyright trolls, creating strong world-wide patent and trademark portfolios, appearing before the U.S. Patent and Trademark Office, clearing new product designs, or negotiating multimillion dollar international licensing deals, because we’ve been there and done that, we can do it for you.
