**Assistance**

1. List any ways that LESI can assist in your societies' activities.

We would be happy if LESI assists in providing international speakers, may be some educational programs for SME. E.g. we are going to held the international meeting "Patent Auctions, why not in Russia?" and would appreciate any assistance and/or guidance on the LESI part in this regard.

**Legislation/Information**

Briefly summarize any changes to your legislation, regulations or business practices effecting licensing or technology transfer.
