◆ 國際技術授權主管總會新加坡分會

Licensing Executives Society Singapore

The Society had its beginnings as the Licensing Society (Singapore) (LSS) which was officially launched at the Licensing Asia 1999 Conference on 6 November 1999.

LSS was admitted as a member of the Licensing Executives Society International (LESI) in May 2000 and the Society was renamed as Licensing Executives Society (Singapore).

The events and people involved in making it all happen are chronicled in From Nothing to “LESS” - The Story of the Licensing Executives Society (Singapore)

Our members deal with intellectual property rights in one way or the other, whether it be the licensing and technology transfer of IP rights, the protection of IP rights, the valuation of IP rights, and come from companies both big and small, law firms, universities and government organisations.

They are from industry, licensing professionals, lawyers or attorneys, patent agents, auditors and etc.

◆ 國際技術授權主管總會中華分會 LESCT

國際技術授權主管總會（Licensing Executives Society International，簡稱 LESI）是一個全球性的非營利專業組織，成立於 1972 年，宗旨是為鼓勵從事技術或智慧財產權移轉和授權的從業人員擁有高專業水準，幫助會員提高他們授權方面的技能和技巧，告知大眾、國際機構、政府機構和商業界授權的經濟意義和授權從業人員的高專業水準，並提供給會員最新，最準確的授權相關資訊。LESI 由 32 個國家和地區分會（Member Society）所組成，目前共有一萬名以上的個人會員，包括來自大、中、小型公司的管理人員、研究人員、工程師、學者、政府官員、律師、專利和商標律師及顧問。

Licensing Executives Society International (LESI) is a global non-profit professional society founded in 1972 with the objectives to encourage high professional standards among individuals engaged in the transfer and licensing of technology or intellectual property rights, to assist its members in improving their skills and techniques in licensing, to inform the public, international bodies, governmental bodies, and the business community concerning the economic significance of licensing and the high professional standards of those engaged in the licensing profession, and to make available to its members the latest, most accurate, information on licensing. LESI is made up of 32 national and regional Member Societies comprised of more than 10,000 individual members including management representatives from large, medium, and small companies, scientist, engineers, academics, governmental officials, lawyers, patent and trademark attorneys, and consultants.

國際技術授權主管總會中華分會（Licensing Executives Society Chinese Taipei，簡稱 LESCT）入會過程共歷時兩年六個月，過程頗為曲折和複雜。在起始原本是由臺灣技術經理人協會（Association of Technology Managers in Taiwan，簡稱 ATMT）向 LESI 提出入會申請，但為能分別配合國內法規與國際組織的不同要求，故臨時另行分設出一暫時定名為「Steering

Committee of the Taiwan Licensing Executives Association」的組織，做為入會前的過渡性安排，待正式入會後，再更名為「國際技術授權主管總會中華分會籌備處」。當初是採取由 LESI 提出建議，中國有條件同意，於德國慕尼黑市召開的 LESI 國際代表會議，於臺北時間 2005 年 6 月 12 日下午 4 點 22 分，由一百五十幾個會員國全體鼓掌同意，以全票通過了 LESCT 的入會案，而當所有會員國鼓掌同意，大家都興奮的互相擁抱，為我們終於又回到國際舞台而開心、感動。在完成相關的行政手續後，LESCT 於 2005 年 10 月 20 日在美國亞利桑納州鳳凰城市所舉行的 LESI 國際代表會議中正式獲得授旗，成為 LESI 的第 31 個分會，並於 2006 年 3 月 20 日由內政部准予立案，正式成立。所有 LESCT 的會員都自動成為 LESI 的會員。

The accession process of Licensing Executives Society Chinese Taipei (LESCT) took two years and 6 months. Initially, LESI proposed the establishment of a new chapter by consulting with all parties concerned. With the basic framework worked out, and the proposed constitution ratified, the Steering Committee of LESCT began working to meet all the criteria required by LESI. Finally, at the International Delegates Meeting on June 12, 2005 in Munich, Germany, LESI by an unanimous vote formally accepted LESCT as its 31st Member Society. As of March 20, 2006, LES Chinese Taipei received formal approval and recognition as a non-profit civic organization by the local governing authority in Taiwan. All members of LESCT are automatically members of LESI.

◆ 磐安智慧財產教育基金會

Cornerstone Intellectual

Property Foundation

「磐安智慧財產教育基金會」成立於 2008 年，為劉江彬教授及其志同道合的夥伴與門生所創立之學術教育平臺，以持續協助推動台灣地區與海峽兩岸及國際之智慧財產跨領域學術交流及教育發展為設立宗旨。

Cornerstone Intellectual Property Foundation, founded in 2008 by Professor Paul Chang Bin Liu with his friends and students, is an academic institute for the promotion of academic exchange and interdisciplinary education concerning intellectual property in Taiwan, in China and around the world.

劉江彬教授為國際智慧財產領域知名學者，於 1996 年榮獲「傑出人才講座」後正式返台，參與臺灣地區相關法規之草擬，致力於台灣智慧財產權發展環境之提昇。劉教授返台期間，先後擔任政治大學科技管理研究所所長，設立智慧財產研究所並擔任創所所長，為臺灣地區智慧財產之學術研究與教育發展立下深厚的根基。同時，劉教授亦主持諸多公、私部門之委託研究計畫，以及跨領域高階人才培訓，積極推動台灣地區、大陸、歐美日之學術交流，對臺灣地區智慧財產之發展，功不可沒。

Professor Liu is an internationally renowned scholar in intellectual property studies. He was awarded the “Outstanding Scholar Award” by the Foundation for the Advancement of Outstanding Scholarship and officially returned to Taiwan from the U.S. in 1996. He has participated in the drafting of regulations and laws about intellectual property and has devoted himself to the development of intellectual property in Taiwan. During his past 20 years in Taiwan, Professor Liu served as the director of the Graduate Institute of Technology and Innovation Management and the founding director of the Graduate Institute of Intellectual Property at National Chengchi

University, casting a profound influence on intellectual property research and education in Taipei. Professor Liu also conducts several research projects and interdisciplinary training programs for senior professionals, commissioned by both the public and private sectors. He vigorously facilitates academic collaboration between Taiwan, China, Europe, Japan and the U.S., which contributes to the development of intellectual property in Taiwan.

本基金會以智慧財產之創造、保護、管理及運用之政策研究、國際及兩岸交流、人才培育及其他相關之公益性學術研究與教育事務等為主，期許能夠扮演公共政策之研究機構與政府智庫的角色，為台灣地區智慧財產之發展奉獻心力。

CIPF focuses on intellectual property creation, protection, management, and application, including policy studies, international and cross-strait academic collaborations, professional development, and other academic and educational affairs. CIPF aims to play a role as advisor for public and government policies and thus make a significant contribution to the development of intellectual property in Taiwan.

● Missions

Rendering the efficient and integral service by the corporate process and management skills.

We believe that there are four requirements for an outstanding lawyer: efficiency, communication, devotion and integration. An outstanding lawyer must be able to render valuable service within limited time and have a communication ability, i.e. communication based on cross-sectors and cross-borders ability. And more importantly, a good lawyer must fully devote to his case and have trustworthy character. The final requirement is the ability to integrate. In this globalization business environment, a lawyer cannot only focus on local laws but has to think and plan his case from the global aspect. And he/she must have ability to integrate various resources, such as business and technology. CC Law is committed to providing our clients with service that meets said four requirements. Besides, CC Law won “the Asialaw Profiles – The Definitive Guide to Asia-Pacific’ s Leading Domestic and Regional Law Firms” feature law firm in Taiwan in 2019.

嘉賓介紹/ Introduction of Speaker

◆ GEORGE HWANG

Vice-chair for LESI' s Copyright Committee

George Hwang has more than 15 years of working experience as a practicing lawyer, in-house counsel and academic. By choice and by circumstance, his experience has all been related to Intellectual Property and Media. George' s working experience spans three continents. The countries he has worked in include Hong Kong, Bulgaria, the Bahamas and his home country, Singapore. After graduation, George pupiled with a Queen' s Counsel in an IP chambers in London and did a "stage" at the European Commission in Brussels. Besides practising, he was the general manager of Warner Music (Publishing) Hong Kong Ltd. His teaching experience includes lectureships at the Varna University of Economics, as well as the University of West Indies. He has also taught as an adjunct lecturer at Nanyang Technological University in Singapore. To allow himself to use his different managerial and legal skills gleaned over the years, George founded a boutique-sized practice in 2012. The firm has also given him independence. He is now able to take on challenging cases which he wants to do. Some of the cases George recently worked on are Lee Hsien Loong v Roy Ngerng and Dorsey v World Sports Group. In the former, Roy Ngerng, a blogger has been sued for defamation by the Prime Minister of Singapore. This is the first defamation case against a blogger in Singapore. In Dorsey v World Sports Group, the team appeared in the apex court of Singapore and overturned the High Court' s decision. Thus, the client, a journalist, has been able to keep the confidentiality of his sources. This is a landmark case. Currently, he is representing a CEO for the unauthorized use of his image by a competitor.

For commercial IP, George' s notable transactions include industry

agreements in Hong Kong and Singapore for the music industry, and novel patented products. The years in IP and Media Law have led George to empathise with the rights and interests of both IP owners and users. His ability to see both sides of the coin has led clients to dub him “the flower power child with the Prada killer instincts” . George is a graduate of the National University of Singapore and holds a LL.M. from King’ s College London, University of London. He has conducted research at the Centre for Studies and Research in International Law and International Relations, Hague Academy of International Law 1998. He has published several articles in refereed international law journals, such as, EIPR and Ent.L.R. He is the content partner for Lexis Practical Guidance for IP and IT - Corporate and Finance Section. He has also been commissioned by LexisNexis to contribute to the Halsbury’ s Laws of Singapore’ s inaugural volume on Media Law. His most recent publication is a chapter, “Confidentiality of Journalists’ Sources in Singapore: Silence is not Golden” , in a book entitled: Media Law and Policy in the Internet Age, Hart Publishing, 2017.
