On the second day, the audience explored collaboration opportunities under a newly enacted Thai ACT, Thailand Research and Innovation Utilization Promotion (TRIUP) Act B.E. 2564. This Act was drafted in line with the Bayh-Dole Act, which allowed the institutions the rights to claim title to inventions and to negotiate licensing terms that would best encourage the commercialization of technology. The audience learned about the IP valuation methods, license negotiation and Thailand and Vietnam practices on technology transfer/IP licensing in the last two sessions.

Our society would be interested in becoming more involved in the Women in Licensing Alliance (WILA). Please contact Michelle Ray-Jones regarding this (michelle.r@tilleke.com).

How can LESI or other LES Societies further support you?

As LES Thailand is aiming to establish LES Vietnam, we would appreciate support from LESI and LES Societies in inviting Vietnamese corporates to join our community and be co-founders.

We are also planning to host a webinar on franchising together with Tilleke & Gibbins, Vietnam office, in order to promote the licensing activities in Vietnam. We would also be grateful if LESI could invite participants or suggest speakers or moderators to join the event.

In addition, we are planning to host the LESI Winter Planning next year. We would appreciate support from LESI and LES Societies through invitations to participate as speakers or moderators of the one-day conference.
