**Action Plan**

**Leadership**

- **Shiva Loccisano** has decided to step down as Vice-Chair of the Committee as of the 2024 AM. He will stay on as a member of the Committee. The Committee thanks Shiva for his great support of the Committee leadership.

- The Committee respectfully proposes to the Board and the President:
  - to re-appoint **Saara Inkinen** as Co-Chair of the Committee for another term;
  - to re-appoint **Peter Ling** as Co-Chair of the Committee for another term;
  - to appoint **Giacomo Garbagnati** as Co-Chair, alternatively as Vice-Chair of the Committee.

- **Giacomo Garbagnati** has played a very active role in the Committee. His efforts were unfortunately thwarted by the cancellation/postponement of the Pan-European LESI in Jerusalem in October 2023. The Leadership proposes to appoint Giacomo as the third Co-Chair of the Committee to ensure continuity of the work done so far.
- The Leadership alternatively proposes to appoint Giacomo as a Vice-Chair of the Committee.

**Activities planned for the 2024/25 Term**

- Publishing at least one article in LES Nouvelles
- Increased use of LESI Connect
- Carrying on with the successful series of bi-monthly mini-webinars
- Organizing at least one common webinar with another Committee
- Organizing a panel discussion at one of the regional LESI Meetings and/or at the 2025 Annual Meeting on a tech transfer topic
Committee Highlights from the Year

As relevant, consider addressing the following:

• Goals for 2023-2024? Did you meet these goals?
  - YES
    o Review the IUGT's Charter on the LESI Website (Saara, Peter, and Orakanoke)
    o Increased use of the LESI online platform [https://connect.lesi.org/home](https://connect.lesi.org/home) (Saara) - YES
    o Pioneering IP for Young Scientists in Africa (Orakanoke) - NO
    o Performing a survey on some aspects of licensing with university technology transfer offices (Peter) - NO

• Key topics discussed?
  - Please see the information below.

• Meetings / Calls?
  - We implemented this term regular meetings every other month with a presentation ("min-webinar") by one of our members on a tech transfer topic
  - The new format is successful, we gained new members and we sharply increased member engagement. The discussions after the presentations are often very lively.

• Events / Webinars executed?
  - "Knowledge Share – where innovation happens. A case study from the Italian tech transfer ecosystem" (March 19, 2024, Shiva Loccisano)
  - "How to Advance your Career in Intellectual Property Licensing” (January 9, 2024, by Glen Gardner)
  - "Global Patent Assertion Entity Risk Mitigation Strategies" (November 28, 2023 organized jointly with the Patent Licensing Committee; Speakers: Subdoh Kumar, Nikos Minas, Bita Mortazavi, Sam Wiley)
  - "Rescuing inadvertently-lapsed registered IP rights in Europe" (November 7, 2024; Simon Keevey Kothari)
  - IP-backed financing and opportunities for the European innovation ecosystem (June 6, 2023, Matteo Sabattini)

• Resources / Work Products created (including articles for *les Nouvelles* and *Global News*)?
  - It is a high priority for the Committee to create at least one article for LES Nouvelles in the upcoming term.

• Suggestions for future focus / work to be done by the committee? (including any change in scope, updates to the Charter, etc)
  - Increased contact to LES USA-Canada, organising at least one meeting or webinar at a suitable time for them (as most of the TTC meetings have been organised in European daytime)
